Full-Stack Web Developer (Mern-Stack Developer)

Summary:-

Passionate and detail-oriented **Full Stack MERN Developer** with expertise in **MongoDB, Express.js, React.js, and Node.js**. Skilled in building **responsive, scalable, and secure web applications** with modern technologies, including **Tailwind CSS for styling, GitHub for version control, and authentication implementation using JWT & bcrypt**.

Experienced in **Next.js**, building **SEO-friendly, fast, and scalable web apps** with **SSR, SSG, API routes, Tailwind CSS, and authentication**

Technical Skills

- **Frontend:-** HTML, CSS3, JavaScript, TypeScript, React.js, Next.js, Tailwind CSS, Responsiveness, Web.
- **Backend:-** PHP, Node.js, Express.js, MongoDB, MySQL, Next.js, REST APIs.
- **Authentication & Security:-** JWT, OAuth, Bcrypt, Role-based Access Control (RBAC).
- **Tools:-** Git, GitHub, Postman, VS Code.

Education

FS University (BCA - Bachelor of Computer Applications)

Aug 2022 – 2025

- **GPA:** 7.6/10
- **Coursework:** BCA covers **programming, web development, databases, networking, cybersecurity, AI, software engineering, and mobile app development**.

Project

Personal Portfolio Website- Technologies Used:- MongoDB, Express.js, React.js, Node.js, Tailwind CSS, GitHub.

- **Modern UI/UX:** Designed with **React.js & Tailwind CSS** for a clean, responsive interface.
- **Contact Form:** Backend **Node.js & Express.js** API with **email notifications**.
- **Authentication:** Secured admin panel with **JWT authentication** for managing content.

Doctor Appointment Booking System - Technologies Used:-

MongoDB, Express.js, React.js, Node.js, Tailwind CSS, JWT, GitHub.

- **Secure Authentication & Authorization:** Implemented user registration and login for patients and doctors with JWT and bcrypt, enforcing role-based access control.
- **Backend API:** Developed RESTful APIs with Node.js and Express.js to handle CRUD operations for appointments, user profiles, and doctor schedules.

Secure Login Authentication System - Technologies Used:-

MongoDB, Express.js, React.js, Node.js, Tailwind CSS, JWT, bcrypt,

GitHub.

- **User Registration & Secure Login:-** Implemented secure user signup and login functionalities using **JWT** for token-based authentication and **bcrypt** for password hashing.
- **Password Management:-** Integrated password recovery and reset features to enhance user convenience and security.

Soft-Skills

Effective Communication:- Able to explain complex technical concepts clearly to both technical and non-technical stakeholders, ensuring seamless collaboration and understanding across teams.

Team Collaboration:- Thrives in a team environment, actively contributing ideas, offering support, and working collaboratively with cross-functional teams to meet project goals and deadlines.

Problem-Solving & Adaptability:- Thrives in a team environment, actively contributing ideas, offering support, and working collaboratively with cross-functional teams to meet project goals and deadlines.

Language:- Demonstrated ability to communicate effectively in both Hindi and English, ensuring clear understanding among diverse audiences.

Certifications

Full-Stack Web Development (Athworth Academy)
